Mobility in the Woodford Bluegrass

Versailles • Midway • Woodford County Planning Commission

Background Study and Plan Element for the 2005 Comprehensive Plan Update

Special points of interest:

- This is the fifth update in the history of planning in Woodford County (1969, 1977, 1989, 1997 and now).
- Six percent of all Woodford households do not have a car
- About 11% of all Woodford workers over 16 years of age carpool to work.
- Traffic on major arterials, such as US 60, is increasing and one major factor is the traffic flowing between Lexington and Frankfort/I-64.

| Chapter 5: Goals and Objectives | 45 |
| Chapter 6: A "Mobility" Plan for Preserving Town and Country | 51 |

A copy of this report (in PDF format), or any other Plan Element can be downloaded from www.woodfordcountypanningandzoning.com

The Update Process

This report is one of six Background Studies/Plan Elements prepared for the Comprehensive Plan Update. Other studies include: People, Jobs and Housing; Regional Coordination; Woodford Resources; Community Facilities and Services; and The Use of Woodford Land.

The purpose of the Background Study portion of this report (Chapters 1-4) is to review historical trends and current conditions, and identify issues and opportunities for the community to address in the planning process. Trends, issues and opportunities provide a "stepping-off"

point for the community. This information is helpful in measuring the success of prior plans and fine-tuning goals and objectives.

Chapter 5 contains the adopted Goals and Objectives for this Element of the Comprehensive Plan Update.
