

The Future by the Numbers: Forecasts of People, Jobs and Housing in Woodford County

How many people will live in Woodford County in the year 2020? Where will they work and live?

This Chapter will be written following determination of goals and objectives for the Comprehensive Plan Update. Population and employment forecasts can be affected by plan goals and objectives, particularly in terms of the location of future growth. This is why projections are not prepared until the goal setting process has been concluded. However, the Regional Coordination Background Report does contain a 2020 population forecast for Woodford County that was prepared by the Bureau of Economic Analysis.
